OTE 85-6944

7 JUN 1985

MEMORANDUM FOR: Director, National Photographic Interpretation Center

25X1 FROM:

[redacted]  
Director of Training and Education

25X1 SUBJECT:

Introduction to CIA [redacted]

1. Our next running of Introduction to CIA (ITCIA) will take place from 25 to 28 June 1985 in the Headquarters Auditorium. The attendance is expected to be 200. [redacted]

2. Because of the large number of participants, we are restructuring office presentations to better adapt to the Auditorium setting. This will involve more panel discussions than previous runnings. [redacted]

3. During Midcareer Course No. 92, [redacted] from NPIC made an excellent presentation in which he compared the US space shuttle to the Soviet space shuttle, using vugraphs made from overhead photography. When asked to do the presentation for the upcoming ITCIA, [redacted] regretfully declined because of his recent office transfer. Since this is normally a briefing presented by the "Soviet Missile and Space Division," he did suggest that we request that [redacted] address the upcoming ITCIA, using that particular briefing to demonstrate the capabilities of NPIC. [redacted]

4. As of now the NPIC presentation is scheduled for Wednesday, 26 June 1985, from 1105 to 1200 hours. Should you have any questions about this subject or this course running please call the course director, [redacted]

[redacted]
